EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Alfred A. Stadnicki on 11 September 2006.

The application has been amended as follows:

In the claims:

Claim 1, line 6, delete the word "keyword" after the word "keywords".

The above amendment has been made to correct a typographical error.

2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach the particular combination of elements as specifically claimed. Although the prior art systems teach the concept of creating a customized picture book, wherein characters and keywords are selected to construct a story, the prior art does not teach the insertion of a connecting sentence between different portions of the story where the wording of the connecting sentence is defined by a word associated with the sentence data for the two portions of the story being linked.
